

For Immediate Release: Tuesday, October 9, 2007

Western Fair Association presents ALICE SADDY ASSOCIATION with new van for client services.

Tomorrow, Wednesday, October 10, 2007 the Western Fair Association will present the Alice Saddy Association of London, Ontario, with a new client services van. Funds for the purchase of this van were donated from the Western Fair's Community Enhancement Fund.

The purchase of this van significantly helps keep transportation costs for the Alice Saddy Association at a minimum. No longer will it be necessary for the organization to rent vehicles to help clients participate in trips, appointments and activities. With their own vehicle and decreased transportation costs the Association will also be able to open their doors to many other opportunities and enable more people to participate in their programs. For this reason the Western Fair Association is so very pleased to make this donation which is a gift that has the ability to keep on giving long after the cheque is presented.

Representatives from the Alice Saddy Association and the Western Fair Association will be in attendance at the presentation, as will many of the clients who will enjoy the benefits of the new vehicle.
