Prize Money: 1st \$75, 2nd \$50, 3rd \$25, 4th \$20, 5th \$15, 6th \$10

Turn "trash" into garden treasures. Some of the neatest works of art are made with recycled or inexpensive materials. Why throw away a worn copper kettle when it makes a wonderfully attractive planter? Don't scrap that weathered wood; transform it into a comfortable Adirondack chair, perfect for whiling away those summer days. Some projects are really for the birds, like a feeder fashioned from an ashtray, or a birdbath constructed from a salvaged sink. It's ecologically smart and creates one-of-a-kind objects that are far more beautiful than anything store-bought.

Enter your one-of-a-kind handmade 'Yard Art' in the Fair this year.

Entries may use any combination of fabric, metal, wood, plastic or other material. (anything goes)

Entries will be judged based on the following criteria: 40% appearance, 30% originality, 30% workmanship. Decision of the judges is final. For more information on this new competition contact Entry Office 438-7203 EX 327.
