Wall One Away From 7,000

A significant milestone could be achieved today as Dave Wall comes into Clinton Raceway's afternoon card needing only one victory to reach 7,000 lifetime wins.

One of Canada's most successful and popular horsemen, Wall has four drives at Clinton beginning with race one, post time 1:30 p.m. His mount in that race is Motown Howe followed by Daylon Moment in the second Island Historic in the 11th race and Hummyounow in the 12th and final race on the program.

Should the Komoka, Ontario based Wall succeed today, he'll become just the 31st driver in history to reach 7,000 career wins.
