Betting Numbers From Molson Pace Card

The richest card in Western Fair's history, featuring the \$312,000 Molson Pace Final won by Won The West, produced significant action at the betting windows this evening. A total of \$325,305 was bet on the 13 race card, which easily bested last year's Molson Pace program where \$274,000 was wagered.

A great crowd was on hand to watch the stakes laden card. A total of \$75,000 was bet on the Molson Pace alone, which is a record for the race which was celebrating its 38th edition. Tonight's card concluded the Spring Meet at the London, Ontario half-mile track. They will offer live racing next on September 13, 14 and 15 as an experiment during the annual Western Fair to expose new fans to harness racing. The Fall/Winter meet beginning on October 15.
