MARKETING AND PROMOTIONS

2010 Handicapping League

HOW TO PLAY

- Every Thursday night for eight weeks (January 7 – February 24), teams of 2-3 people will meet at their participating home track (Clinton, Western Fair, Hanover, Grand River, Hiawatha, Georgian Downs, Flamboro) and handicap ten races.
- Each week's contest will require teams to pay a \$10 fee which will be added to the \$10,000 grand prize.
- Three race programs per team will be included in the weekly fee.
- Each group must have a team roster of three players; however, on league nights only two of those players must be present to submit wagers. Players may only be part of one team.
- Each team must establish a team name and a team captain. The captain will be responsible for submitting picks, receiving prize money and being a contact person for the team.
- When players arrive on league night, they must sign in by post time of first race selected. If two players are not present, the team will not be able to compete in that night's contest.
- Picks will consist of hypothetical \$2 WP wagers on one horse in each desired race.
- There will be five mandatory races from two tracks. These tracks will alternate on a weekly basis. The other five races will be electives from within the three tracks shown at each location (Rideau, Meadowlands, Woodbine). The mandatory races will be released on the ROMP website www.raceromp.com each Tuesday by 7:00 p.m.
- Eligible tracks will include Woodbine, Meadowlands and Rideau Carleton.
- Picks must be submitted by post time of first race selected.
- No mandatory races will begin before 7:30pm.
- Advance picks can be made, but will only be available after 7:30pm.
- Picks may not be submitted via phone, Internet, fax or any other means.
- Teams do not have to play every week, but must play a minimum of four out of eight weeks to be eligible for the grand prize event. However, teams are encouraged to play weekly, as bankrolls during the eight week tournament are cumulative - the more you play, the better your chances of advancing to the finals.
- Each team's hypothetical bankrolls will be credited with the official payouts should their picks finish first or second.
- Accounts will be maintained and updated after every race handicapped. By the following day at 3:00 p.m. all scores will be tabulated and the leader board from all seven tracks will be updated with the standings.
- A weekly prize of \$100 will be awarded to the top overall team from all seven locations. Should there be a tie after each week, the winner will be chosen on account of the most first place finishes, then most second place finishes, then highest win payout, then highest place payout. If there is still a tie, the prize will be split evenly.

- Accounts are cumulative over eight consecutive weeks.
- At the end of eight weeks, the two leading teams from each participating racetrack will return to their home track to compete in the final contest.
- All team's bankrolls will return to "0" for the grand prize event.

ELIGIBILITY
